

Glastonbury Landowners Association Contract

This contract is between the Glastonbury Landowners Association (GLA) and Standish Excavation LLC, for South Glastonbury platted gravel road maintenance in September of 2021.

Specifically:

South Glastonbury

- Per Standish Excavation Estimate # 21-116, dated September 16, 2021.
- All work is to be performed on GLA *platted gravel roads only. The attached bid has the details of all of the work to be performed.
- The original estimate called for \$66,220.00 for gravel, maintenance, site-specific ditching and ditch cleaning. This contract may not exceed this amount without prior approval by the GLA Board.
- This contract includes grading, rolling, watering (as needed), fresh gravel and MgCl application on the roads, as specified in the above-mentioned bid.
- Please stop work when the allocated funds (\$66,220.00) are depleted. If there are any funds left over when all of the above work is completed, please use them to dump, spread and roll additional road mix on North Glastonbury gravel roads, per Road Committee instructions.
- Upon satisfactory completion of the above work, and the issuance of an invoice by Standish Excavation, the GLA will promptly remit payment for this contract.
