Dear Kathleen,

The GLA board has discovered a division of your property, NG 53. Cadastral shows lot NG 53-B and NG 53-C. Is there also an NG 53-A?

What date was this subdivision created? Did you notify the GLA of the new lots? Our database shows NG 53 as one unsubdivided parcel receiving one \$210 land assessment.

Please advise the GLA Board as soon as possible about the status of NG 53.

Thank you for your attention to this matter.

Charlene Murphy  
GLA Secretary
