Dear Kathleen,

Recordings of Board or Committee meetings are not the official record. Recordings are used by the admin assistant to clarify the content of the meeting minutes. The Nov. 6th minutes are still in draft form and not yet approved.

I have attached the 2016 procedures for the election workers. These procedures are being revised for the 2017 election.

You have already received all approved Board and Committee meeting minutes, including email votes of the board. These were sent November 7, 2017 to you and to all email subscribers.

Thank you,
Charlene Murphy
GLA Secretary
