

HUBSETS—TRACK AND ROAD

Branford Bike 1987
catalog pages.

American Classic

A sleek, smooth and incredibly fast pair of hubs that is rapidly becoming the racer's #1 choice. Extremely light, 200 grams front, 250 grams rear. User replaceable sealed ball bearings spin 30% faster than Campagnolo's. A heat-treated body with extra thick flanges allow this hub to be slotted without voiding its lifetime warranty. We tested these under extreme training and racing conditions and rode them at the Nationals and at the Ironman Triathlon. They performed beautifully. We highly recommend them for all training and racing conditions. Silver with skewers. 24, 28, 32 & 36 hole.

AC-FH-RH factory slotted \$89.88 pr.

SINGLE HUBS

Front 24, 28, 32, & 36 hole \$49.88 ea.
AC-RH-C (# holes) Rear 24, 28, 32, & 36 holes \$49.88 ea.

Campagnolo New Record C

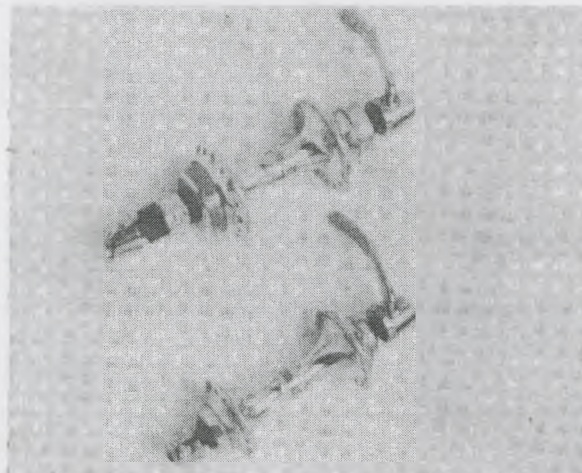

Smoother bearings, harder races and an aerodynamic finish accent this new hubset. Also featured is a new stronger skewer and improved dust covers. 24, 28 & 32 hole-6sp. 572 grams/pr.

CA-CR-HB (# holes) \$119.88 pr. 195

Campagnolo Record

Our most popular hubset and well-proven by thousands of riders. Simple to maintain; bearings, cones and races are user replaceable. Smooth, fast, and durable. 28, 32 & 36 hole. Small or High Flange. 523 grams/pr.

CA-NH-HB (# holes) \$99.88 pr. 162
Single Hubs: Front—\$49.88 Rear—\$54.88

Campagnolo C Record Hubset.

Campagnolo New Record C Track

C Record delivers just what you need; a super strong, stiff and smooth hubset. Well-proven by several of our top track riders. 24, 28 & 32 hole. 584 grams/pr.

CA-CR-TH (# holes) \$139.88 pr. 226

Campagnolo Record Track

Our most popular track hub because of its excellent price and well-proven strength and lightweight. 28, 32, & 36 hole.

CA-NR-TH (# holes) \$109.88 pr. 178

FREEWHEELS and Chains

Maillard 700 Super Course

Newly designed with a lighter, smoother body and heat-treated, easily interchangeable cogs. Extremely smooth spinning and long lasting. Easy two prong removal system. Our team's favorite freewheel. Made in France.

MA-76-(size)	6 speed	\$32.88
MA-77-(size)	7 speed	\$37.88
MA-SC-(size)	Spare Cogs.	\$ 5.88

Regina America

Newly designed with a much stronger body and smoother races. Heat-treated cogs are easily interchangeable. Simple and efficient splined removal system. Made in Italy.

RE-A6-(size)	\$34.88
RE-A7-(size)	\$39.88

Campagnolo Super Record

This superlight freewheel weighs less than 1/2 of a Regina or Maillard yet is stronger than either. Both the cogs and body are heat treated superlight alloys. Commonly we have seen 2-3,000 miles logged before there was appreciable cog wear. Extremely durable and highly recommended.

307 CA-SR- \$189.88 6 speed Spare Cogs \$34.88 57
7 speed also available - call for price

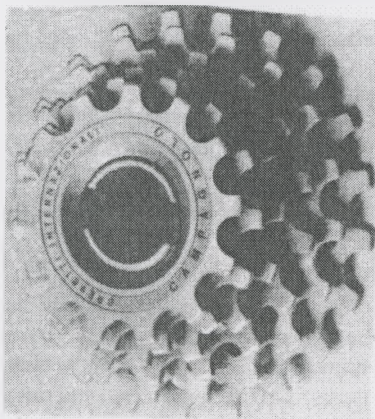

Shimano Dura Ace

This freewheel is specifically designed for use with Dura-ace SIS components. It has unique twisted tooth cogs and a semi-sealed body. We recommend you use it with the Dura-ace chain for maximum efficiency.

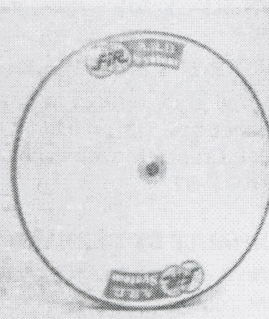

DA-FW-(size)	6 speed freewheel	\$39.88
DA-FW-(size)	7 speed freewheel	\$49.88

Campagnolo Super Record freewheel.

F/R RRD disc wheel.

Campagnolo Record C Delta Brakes

By using an articulated parallelogram which consists of 8 stainless steel arms connected to heat-treated Aviona aluminum-magnesium brake shoe levers Campagnolo has produced what is clearly the worlds finest brake. Unlike sidepulls the braking pressure increases exponentially with hand lever travel. Thus braking power increases gradually allowing for safer and more positive stopping.

Campagnolo also redesigned the shoes adding a conical washer so they may be toed in for smoother stopping. They also put the quick release button on the brake levers and added a new anatomical shaped hood with inside ribbing for greater shock absorbency.

We are very impressed with the new Delta brakes. The difference in feel and stopping power is astounding. Our riders gained valuable seconds made possible by precise braking at critical times. We strongly recommend you try a pair 725 gr.

CA-CR-DE \$399.88

Campagnolo New Record C

Stiff heat-treated arms, responsive, hardened, chromed springs and a soft shoe compound assure you of quick smooth stopping power. Add to this aerodynamic, sculpted arms, satin anodized finish accented by a deep blue cobalt gem-capped centerbolt and you have the world's most functional and beautiful brakeset.

The levers are newly designed and aerodynamic. They allow for either concealed or standard cable routing. Quickly becoming the choice of most professional cyclists. 607 grams.

CA-CR-COB \$259.88

Campy Super Record

Heat-treated, sculpted arms, powerful springs and cam-action quick release make this our most popular brake. Drilled levers, normal cable routing. 605 gr.

CA-SR-B \$209.88

Dura-Ace

Well-designed and moderately priced. Heat-treated arms pivot via ball bearings on a tough cro-moly centerbolt. The result: very smooth and responsive braking. Cam action quick release, silver anodized finish with black trim. Drilled levers with normal cable routing. 586 grams.

SH-DA-B \$149.88

BRAKE HOODS AND SHOES

Modolo Anatomical Brake Hoods

Very comfortable and well designed. Fits Campy, Modolo & Superbe. Black, white, gum, or gray.

MO-BH(color) \$5.88 ea.

Modolo Kronos Brake Hoods black or gray

MO-KR-BH \$5.88 ea.

Campagnolo Brake Hoods-Black or White

CA-SR-BH \$7.88 ea.

Campagnolo Record C Gray Brake Hoods

CA-CR-BH \$12.88 ea.

Dura-Ace Brake Hoods-Black

SH-DA-BH \$5.88 ea.

Campagnolo Brake Blocks

CA-BB \$2.88 ea.

Modolo sinterized Brake Pads Stops better than all other brake pads.

MO-BB-H w/holder \$5.88 ea.

MO-BB w/o holder \$2.88 ea.

Modolo Equippe-with Aero routing

Hard anodized calipers and levers give this brake greater stopping power than the Speedys and at a very reasonable price. Short Reach only, black anodized finish. 555 grams.

MO-EQ-B \$94.88

Modolo Speedy

A excellent top quality inexpensive brake. Features drilled levers, anatomical hoods & sinterized pads. 538 grams.

MO-SP-B \$69.88

BRAKE LEVERS

Campagnolo New Record C Aero Brake Levers

These are much stiffer than the Super Record levers and easier to grip. The cables can be routed normally, under your tape or through your bars. Slightly wider than other levers and much more comfortable. 235 gr/pr.

CA-CR-BL \$129.88 pr.

Aero Gran Compe

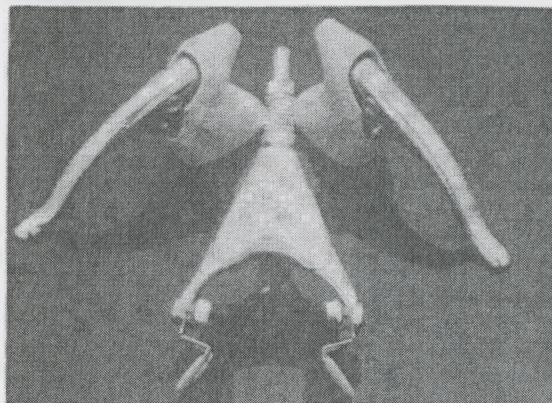

An excellent value. Hard anodized levers pivot via nylon washers and a steel pin to a strong cast alloy housing. Covered with a thick, comfortable black or gum hood. Cables are easily and smoothly routed inside the bars or under the tape. Well-machined, durable and smooth.

DC-GC-BL \$24.88 pr.

Dura-Ace Aero Brake Levers

New for 1987. Identical to their standard brake levers but are designed for under the tape or in the bars calbe routing. 210 gr/pr.

SH-DA-BL \$79.88 pr.

Campagnolo Delta brakes with Aero levers.

BRAKE CABLES

Stroh Brake Cables - Perfect for Aero Routing

This is the finest cable and housing you can buy anywhere. Both the housing and cable are stainless steel for maximum strength and durability. The housing is flat wound and heat treated for minimal compression. Yet it remains flexible enough for interior aero routing. The stainless steel cables consist of seven braided packets of 9 strands apiece for a total of 63 strands. They are permanently lubricated with a smooth Derlin liner. We highly recommend you try a pair. White, black, silver, blue and pink.

ST-BC Two cables and housing \$12.88

Clarks Cables

Two permanently lubricated brake cables with brightly colored housing and two matching color derlin-coated derailleur cables. The derlin-coated derailleur cable eliminates under the bottom bracket drag and consequent sluggish down shifting. Black, blue, pink, white & yellow.

Complete set of 2 brake and 2 gear cables w/housing
CK-BC \$12.88

CRANKSETS

Campagnolo New Record C

Of all the cranks we tested this was the stiffest and strongest. The aerodynamic elliptical arms are smoothly dished to a set of hardened alloy chainrings. The chainring webbing sweeps a greater arc which means less flexing under hard sprints. The entire crank is hand polished and then satin anodized for an incomparable finish. 170, 172.5, 175 arms. 42/52, 53 rings. 638 grams.

CA-CR-(size)

w/o BB \$219.88

Spare Chainrings 39-54 teeth

\$59.88

Campagnolo New Record C Track

The stiffest, strongest track crank available. Aerodynamic elliptical arms, smoothly dished spider and hardened alloy chainring. Beautiful satin anodized finish. 165 or 170 arms. 40-54 tooth rings. 605 grams.

CA-CR-T-(size)

w/o BB \$229.88

PEDALS

Campagnolo New Record C

Platform design for greater comfort and ease of entry. The smooth, wide platform distributes your weight more evenly thus eliminating numb feet. Aerodynamic design allows for sharper cornering. Heat-treated stiff steel spindle, hardened alloy toe clips and soft leather Campagnolo toe straps. 375 grams/pr.

CA-CR-PD

\$129.88 pr.

no

Dura-Ace

Another platform design that distributes your weight more evenly for greater comfort. Well-machined smooth and durable. Steel clips, nylon straps. 306 grams/pr.

SH-DA-PD

\$94.88 pr.

Shimano LOOK

LOOK teamed with Shimano in producing this trimmer and lighter version of their famous competition (black) pedal. The shape is more aerodynamic and the pedal incorporates a dust cap-less design which gives you an unprecedented 34° of cornering. Silver gray. Made in France.

SH-DA-LKPD 410gr/pr.

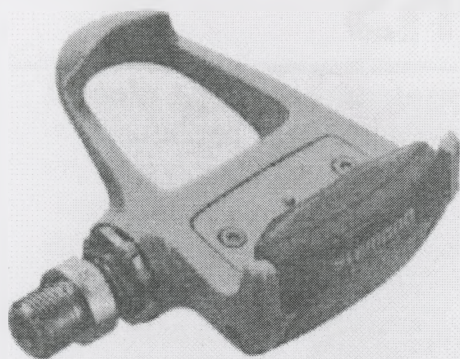

\$149.88 pr.

LOOK toeclipless pedals

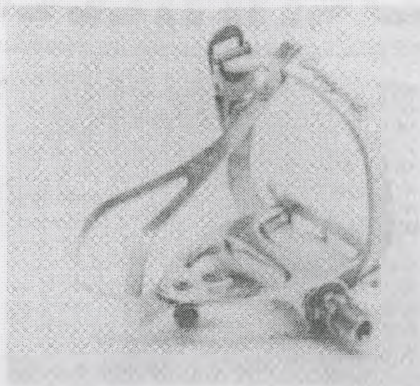

Requires no toe straps or clips and comes with its own adjustable cleat which mounts on any shoe. The cleat slides easily into the pedal and comes out just as easily by simply twisting your foot to the left or right. The spring assembly that holds the cleat in is adjustable and will not allow your foot to slip out even in the most demanding sprints or climbs. More comfortable, positive fitting and aerodynamic than conventional pedals with clips and straps. 518 grams/pr.

LO-PD-w white LOOK Pedals

\$89.88

Shimano LOOK Pedal

Campagnolo C Record Pedals

Black LOOK Pedals

1 ounce lighter than the White model and more aerodynamic which allows for tighter cornering. The tension is pre-set to the highest degree and not adjustable. 484 grams/pr.

DERAILLEURS

REAR DERAILLEURS

Campagnolo C Record

A perfect blend of old world craftsmanship with "state of the art" technology. The famous parallelogram is now articulated with a third spring located around the gear hanger screw. Chain alignment is improved to near perfection and shifting is much faster and crisper. Added to this is an aerodynamically shaped cage and jockey wheel covers. The pulleys rest on 12 tiny ball bearings instead of conventional bushings assuring you of smooth, fast, and trouble free shifting. We strongly recommend you try C Record derailleurs. 209 grams.

CA-CR-RD

\$139.88

Super Record

Originally built for professional racers this was the first derailleur to incorporate the now famous parallelogram design. Added to this are replaceable brass bushings, chromed manganese steel springs and light titanium bolts. This derailleur, like other Campagnolo components, is well designed and easily rests on its laurels. Even though it is superseded by C Record it is still the finest derailleur available in its price range. 182 grams.

CA-SR-RD

\$99.88

Dura-Ace

Used in conjunction with their SIS (Shifting Index System) shift levers and front derailleur, this is an excellent system. The rear derailleur clicks into position quickly and smoothly. Requires more care than Campy and should be used with the entire Dura-Ace drive train. 192 grams. For 6 or 7 speed.

SH-DA-RD

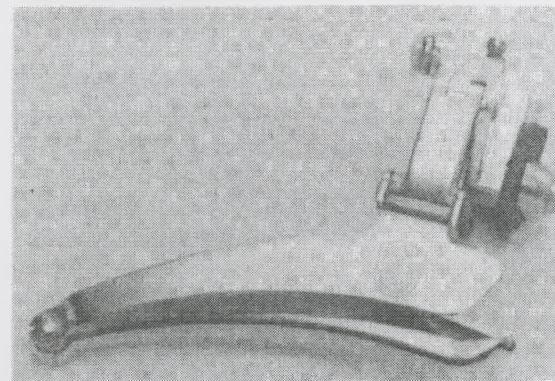

\$79.88

Campagnolo Nuovo Record

Almost identical to the Super Record rear derailleur with the exception of the titanium bolts. An excellent choice for your first professional derailleur. 199 grams

CA-NR-RD

\$69.88

FRONT DERAILLEURS

Campagnolo C Record

Designed with the same care and meticulousness as their rear derailleur. Features are: Carbon-nitrated cage for maximum durability, ultra-fine screws for extremely precise calibration and a heat-treated nickel-chrome steel double hinge between the body and cage for optimal speed and smoothness in shifting. 80 grams. Braze or clamp on.

CA-CR-FD

\$49.88
